Clerk Lisa Sampley

District Court of Sebastian County – Greenwood Division

(479) 996-6501

SUBJECT:

Unlawful Summons Dated August 4, 2025, for September 24, 2025

Status: Rejected, Void for Jurisdictional Trespass, Fraud, and Coercion of a Protected Minor

SECTION I: STATUS OF THE PROTECTED PARTY

The name “CYNOVA” listed in your court documentation:

- Refers to a corporate fiction, not a living being
- Is not a valid party to any court or statutory contract
- Was never lawfully consented to by the living minor in question
- Belongs to a minor male, a living man and protected Beneficiary under ECC-TRUST-JDC-005
- Is under ecclesiastical and divine protection and may not be compelled into fiction or appearance without lawful and spiritual violation

SECTION II: DOCUMENTED TRESPASS AND COURT MISCONDUCT

1. Forcible Coercion of a Minor Across the Bar

During proceedings around July 24, 2025, court agents and officers:

- Compelled a minor to stand across the bar of the court
- Did so without legal capacity, consent, or knowledge
- Lacked ecclesiastical approval or consent from the Trustee
- Engaged in procedural coercion and jurisdictional fraud

2. Refusal to Acknowledge Filed Ecclesiastical Documents

On July 24, 2025, the following occurred:

- Ecclesiastical Trust documents were formally delivered to the court and stamped by Clerk Lisa Sampley
- Said documents were scanned into the court's digital system
- The system immediately experienced a recorded "glitch" indicating backend surveillance recognition and jurisdictional conflict
- These documents were legally and publicly lodged into the record, un rebutted
- Yet, Judge Michael Wagoner refused to acknowledge the record and attempted to proceed under false presumption

SECTION III: LAWS, DOCTRINES, AND JURISDICTIONAL MAXIMS

Divine Law

The Law of the Creator is the supreme law and overrides all commercial, statutory, or civil jurisdiction.

Ecclesiastical Equity

- Equity will not suffer a wrong to be without a remedy
- He who seeks equity must do equity
- Silence in the face of lawful notice is consent
- Jurisdiction cannot be presumed when it has been rebutted by sacred trust

Natural Law

- No minor may lawfully contract, be compelled, or be subjected to jurisdiction without full knowledge, capacity, or lawful representation
- Living men cannot be transmuted into dead fictions by assumption or silence

Binding Legal Doctrines

- Estoppel by Silence: When lawful notice is given and no rebuttal is made, agreement is assumed
- Fraud Vitiates All Contracts: Any action obtained under misrepresentation, coercion, or concealment is null and void
- Notice to Agent is Notice to Principal: All individuals acting under the court are now held to knowledge of this Trust and its jurisdiction

SECTION IV: FINAL REJECTION OF SUMMONS

The court summons issued on August 4, 2025 for appearance on September 24, 2025 is hereby:

- Rejected
- Rendered null and void
- Unlawful in all respects
- Recorded as an act of trespass and coercion against a living minor

Any further attempt to compel attendance, enforce penalty, or impose judgment against the protected minor or Trustee shall be documented and treated as willful violation of Divine Law, criminal trespass against ecclesiastical standing, and dishonor in equity.

SECTION V: RESOLUTION AND CLOSURE

To restore honor, you are required to:

- Dismiss the scheduled court appearance
- Remove all legal assumptions from your records
- Publicly correct the jurisdictional standing
- Cease all contact and enforcement efforts regarding this matter

Failure to comply will result in lawful enforcement by the Trust and public recordation of your dishonor before the global witness of living men and women.

Filed into Living Trust Record and Divine Ledger

No Further Warning Shall Be Issued
